

# ST. EDMUND'S SCHOOL

FROM THE OFFICE OF  
THE PRINCIPAL

St. Edmund's School, Shillong  
Laitumkrah, Shillong, Meghalaya  
793003

To our dear Parents and Guardians,

The National Education Policy requires schools to move in the direction of continuously measuring the learning outcome of the students and address the identified learning gaps through timely and differentiated remedial support.

To be future ready, we have initiated a learning reinforcement program. With this initiative, all students from Grade 3 to Grade 10 will be required to join personalized remedial sessions. as weekend homeworks.

Weekly reinforcement sessions will allow us to measure if our students have developed any learning gaps in a timely way, and it will also allow us to address the identified learning gaps through differentiated learning.  
each student.

To begin with, we will be conducting the first assessment on **22nd-July-2022**. Please ensure that your child submits assessment (weekend homework) on time. These assessments are mandatory and will be graded.

Sincerely,

**Br.Solomon Morris**

Principal of St. Edmund's School
